Risk factors

This fund is a medium to long-term investment and your capital is at risk. Any investment objective, performance benchmark and yield information should not be considered as an assurance or guarantee of the performance of the fund or any part of it. An initial charge reduces the amount available for investment. Investors should be aware that funds denominated in a currency other than investors' home state currency are subject to currency fluctuations which may decrease returns. Please be aware that each fund presents its own risk profile. Material risks for this fund are: Credit; Liquidity; Counterparty; Other Markets; Derivatives; Interest Rate and Concentration. Please read the KIID for an explanation and refer to the prospectus for information about all relevant risks.

Remember to read the Key Investor Information before making an investment decision.

Past performance is not a guide to future performance. The value of investments and the income from them may go down as well as up and is not guaranteed. Outcomes, including the payment of income, are not guaranteed.

Fund charges are deducted from capital which has the effect of increasing income distributions but constraining capital growth.
